FROM THE STAFF

In a school where the Cardinal fights to defend it's glory, one epic journalism team came together to put together the yearbook you hold in your hands. It was quite the feat to do this astonishing year justice in just eighty pages. So, turn the page and enter into the school year of 2012-2013.

Grab some popcorn, and make sure to sit back, relax, and enjoy this feature presentation.

2013 CLASS POEM

Our class is funny and different in our own way, and we will always have a comeback to say. The tough times have pulled us together, and we have made memories that will last forever.

Kerstan gives the best hugs, but won't come near you if you have ladybugs.

Megan S is the queen of fashion; she hates bananas with a passion.

Kyle's giggling is very contagious, when it comes to jumping, his vertical is outrageous.

Espoir is new to our class this year, when there's a debate he will always be near.

Stormy has always been one to speak her mind, she is so small that she may be hard to find.

Josh is the friendliest person we know, when it comes to the weekends, a hunting he will go.

Anna is Batman's number one fan, but lookout when she's coming with her hippie van.

When volleyball comes around, Lucinda is a beast, she is very blunt, to say the least.

Dylan can make any sound effect that you will hear, and when you need him he will always be near.

Kayla is always talking, in her free time she is usually Facebook stalking.

Richelle really likes to dance, in freshman PE a kickball broke her arm, even ask Mr. Vance.

In class Zack is usually zoned out; though he tries jumping over fires, he ain't no Boy Scout.

Cody's pickup is his pride and joy, but his snowmobile will always be his favorite toy.

Josie is always bringing the oldies back, and cookies are her ultimate snack.

Kellan is a superhero at heart, when it comes to talent, he is good at art.

In PE, you can always catch Shawn and Mr.T in a dispute, and basketball is his strong suit.

Megan D likes to growl, when she sees a taco, she's on the prowl.

In the morning, Ellie will make you pancakes, but beware of her pocket knives; she's afraid of snakes.

James's opinion will always show, every fact in history he will know.

KaSaundra is very artistic; when the going gets rough she will always be optimistic.

Malarie enjoys a good book, and when you need help on an English paper, just give her the look.

As for us and our future, nothing stands in between, we've finally made it, Class of 2013!

I'll Remember You Always

Rarely does someone
get to influence a person's life
in a positive way
for a lifetime,
as a teacher can,
fostering optimism and confidence,
providing knowledge that leads to success,
and being a good role model,
as you have,
and you are,
and you will...
forever.
I'll remember you always.
Thank you.
